ANNUAL ROLL CALL

Increased Need Is Seen
For Red Cross This
Winter

The annual Red Cross Roll Call will be conducted under the auspices of the American Legion Auxiliary, according to statement of C. R. Burrow, County Chairman.

Mrs. Andy Walsh, chairman of the Auxiliary, has appointed Mrs. Ray Campbell and Mrs. J. M. Daugherty as leaders in the Roll Call, and they will be assisted by all women of the Auxiliary in making the canvas for membership for the coming year.

The Roll Call will start early next week, and will be concluded on Thanksgiving.

An urgent call is made upon all citizens to respond to the Roll Call in view of the great demands for aid being made on the Red Cross in all sections of the nation. A liberal part of all the Roll Call money goes into the local relief funds to care for charity cases in Randall county.

Dairymen Discuss Mounting Cost of Their Feed Bill

Feeding the cows was the main topic of discussion for fifty members of the Randall County Dairymen's Association at the regular monthly meeting in the District Court Room Tuesday night.

The drought has created such an acute feed shortage that feeding the cows for the next several months is a real problem. In an effort to learn just what the present cost of producing milk actually is, the members started a project October 1st, in co-operation with County Agent W. H. Upchurch, in which each member keeps his own feed costs and turns them in to the County Agent at the end of the month. These are then averaged and a "John Doe" dairy farmer's business is the subject for discussion at the next meeting.

At the Tuesday night meeting, a very interesting hour was spent in analyzing "John's" business for October. His business for the month of November will be discussed at the December meeting.

The most significant item in the dairymen's mounting feed cost at this time is the shortage of roughage. Most dairymen who ordinarily grow their own roughage are now shipping in hay at a very high price compared to the market for dairy products.

Election of officers for 1935 will be a special order of business at the December meeting.

CCC Co. 1828 Has New Club House in Barracks of 1824

CCC Company 1828 has a new club house established in one of the barracks formerly used by Co. 1824 before it was removed to Temple last spring. The men of the company did all of the work after hours, decorating the walls, and building furniture for the building. A large fire place was built in the structure.

The club house will be used principally by members of the company who have their wives and children here during the time they serve at the Park.

Farm Money To Be Paid By Christmas

Wheat Allotment Largest Amount Due To Farmers

All money due the farmers under the AAA set up will be paid by Christmas, is the belief of County Agent W. H. Upchurch.

A few checks are still in his office on the \$110,000 wheat allotment which was received last week. Farmers have been requested to call for the checks as quickly as possible.

Practically all of the checks on the cattle buying program have been distributed to the farmers, and the balance are expected in a few days.

There will be another small payment on the hog program which is expected between Dec. 1st and 15th.

The only large amount of money outstanding will be the 221 checks on the 1933 and 1934 wheat allotments. No information has been received from Washington as to when these checks will be received, but it is believed that the government is anxious to close all of these contracts before Christmas.

Whether or not the government will go into other forms of farm relief before the 1935 wheat allotment is taken up has not been announced from Washington. Cattle raisers are urging that the cattle buying be continued until feed is assured for the Southwest, but another appropriation from Congress will be necessary before this may be started.

FUNERAL HELD SUNDAY FOR PIONEER OF HAPPY

Mrs. J. M. Evans, 65, died Saturday at Happy where she has lived for 26 years. The funeral services were held Sunday at the Baptist church under the direction of the Griggs-Thompson Funeral Home.

Mrs. Evans is survived by her husband and two daughters, Mrs. Hugh Holland of Happy, and Mrs. Sam La Roe of Happy. Four sisters and three brothers live in Arkansas.

Mrs. F. P. Guenther left Tuesday for Santa Fe after visiting here with friends for two weeks.

Ex-Service Men Called to
Join In Sunday
Meeting

Armistice Day will be observed Sunday morning at the Presbyterian Church when ex-service men will be honored with a special service. Rev. Chas. L. Dickey will preach an Armistice Day sermon in recognition of the occasion.

Members of the Palo Duro Post met Tuesday night and decided that the business houses of Canyon would not be requested to close this year owing to the fact that Armistice Day falls upon Sunday. It was believed that the day should be observed in a fitting manner, but that the necessary money for a real celebration should be spent this year for relief purposes instead of financing a celebration.

No general celebration will be staged in any part of the Panhandle, according to information received here. A parade will be staged in Amarillo Saturday morning, but there is no movement to close the business houses, except during this parade.

The College will observe Monday as a holiday. The school trustees will decide at the meeting tonight whether or not there shall be a holiday for public schools.

All ex-service men are asked to assemble at the Presbyterian church Sunday morning at 10:45 and to occupy reserved seats in the auditorium for this service.

Under the NRA Code, all groceries and markets in Canyon will be closed on Monday, according to the statement made this morning.

EIGHT DAY OLD BABE FUNERAL HELD TUESDAY

The eight day old baby of Mr. and Mrs. Tom Brasher died Monday at an Amarillo hospital. The infant was the only child of the bereaved parents.

The funeral services were held Tuesday afternoon at the family home, conducted by Rev. J. H. Hicks, followed by interment at Dreamland Cemetery.

C. H. Rowe Has 96th Birthday on November 6th

C. H. Rowe celebrated his 96th birthday Tuesday at his home in Canyon. He is hale and very active, never having been ill a day in his life.

Mr. Rowe has been a citizen of Canyon for two years. He spent 31 years in Gray county. He was born in Rochester, N. Y., and moved to Kansas when a young man, where he lived for 33 years before coming to Texas.

AMENDMENTS CONSTITUTION ARE DEFEATED

Nation Wide Gain Made
By Followers of
New Deal

LITTLE INTEREST

Small Number of Votes
Cast In Randall
Tuesday

The Democratic party won in Tuesday's general election in greater proportion than it did in the election of two years ago when Franklin D. Roosevelt was swept into office. Considerable surprise was expressed even in Democratic circles at the increased majorities in both houses of the national congress as a result of Tuesday's election. Republican leaders were greatly disappointed that the New Deal was so uniformly endorsed in nearly every state of the union.

The Democratic party in Texas won by the usual large majority, the slight effort made by the Republicans in various districts amounting to little more than a gesture. In the Amarillo territory the Republican party put out several local candidates who failed to create any excitement or cause interest among the voters.

Indications yesterday were that all amendments to the state constitution which were proposed in this election would be defeated. The only question seemed to be whether the last amendment might have a chance to survive. This refers to taxes of University lands. The Texas Election Bureau was gathering all information possible in order to ascertain the fate of this amendment.

Two amendments were favored with slight majorities in Randall county, the one to abolish the fee system, and the one taxing university lands. The other six were defeated by substantial majorities. The vote by precincts is published in this issue of The News.

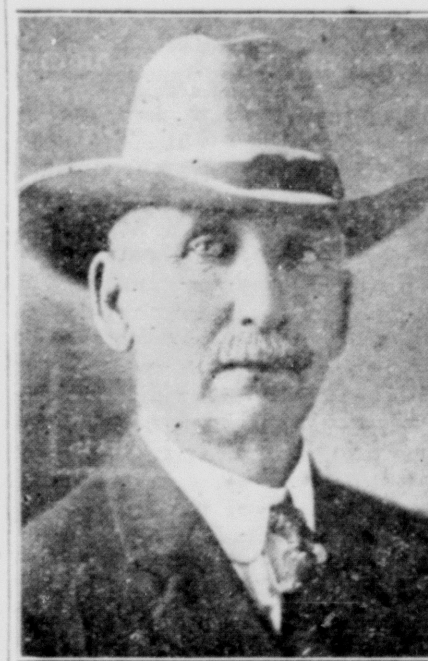

Out of the 2100 qualified voters in Randall county, only 800 went to the polls Tuesday, and of this number only 630 expressed an opinion on the constitutional amendments.

Warwick Named to Head County Committee of Demos

Clyde W. Warwick was elected chairman of the Democratic County Executive Committee Saturday at the meeting of the precinct chairmen. He succeeds A. M. Smith, deceased, who was re-elected in the July primary.

Warwick resigned as chairman six years ago when he announced as a candidate for the legislature, after having served as chairman for four years.

R. E. BAIRD

R. E. Baird Cast Ballot in Randall Fifty Years Ago

R. E. Baird celebrated his fiftieth anniversary as a voter in Randall county when he cast his ballot Tuesday at the court house.

His first ballot was at the old T-Anchor headquarters north of Canyon, in 1884.

During the 50 years Mr. Baird has been a voter, he has never missed but one election, this single time being out of the state.

During the 50 years as a voter, Mr. Baird has been a continuous resident of Randall County, having come to the county in 1883. He has the honor of living in Randall county longer than any other citizen.

There is probably not another man in Northwest Texas who has such a record at this; 50 years a voter in one county, and never having missed but one election; and never having moved from the county from the time he became eligible to vote.

HAS OPERATION

S. G. Moore had an appendicitis operation Saturday night at St. Anthony's Sanitarium in Amarillo. He is reported to be getting along nicely.

Mr. and Mrs. John Fry were in Olton Sunday visiting Mrs. Fry's brother, B. A. Dodson.

As everybody who lost his shirt should remember, this week marks the fifth anniversary of the stock market crash of 1929. Those were glorious days. Even those who now heartily condemn that era of nonsense thought so then. Auburn changed hands at 514. Steel at 261. American Telephone at 310. General Motors at 91 and so on. Auburn is now around 27. Steel 33—and why continue with the comparison? Practically everybody was hypnotized and not at all unwilling to share in the wild, goofy prosperity of that day. Yet now we localize the responsibility for floating that preposterous era, and the blame for the crash that followed, in a pretty narrow limit. Greedy capitalists victimized us, pool operators made suckers of us, promoters took us for a ride. But like the spider that walked into the web, we were all set for a good time. We didn't want to be left out of the fun. We weren't.—Ames (Iowa) Milepost.

One phase of the New Deal has escaped the bitter criticism of those who oppose the President, the CCC work. Even the Republicans realize that it is better to have the unemployed young men, and the unemployed World War veterans engaged in useful public works than it would be to care for them on relief rolls. The efficiency of the Army in caring for the needs of the men engaged in CCC work, together with the usefulness of projects on which these men are engaged appeals to the fair mindedness of all American citizens. It will not be surprising to see the CCC established as a permanent policy—to undertake public projects that would otherwise be neglected in the way of parks and roads, all of which may be enjoyed by all the people of the nation.

The November election will give something for both the Democrats and Republicans to talk about for several months to come. After the vote is in, the general line of alibi will be given the nation, and each party will tell exactly how it happened. Possible Republican gains in congress means nothing except a slight return toward the normal Republican majority. However, let it be known that from now until the presidential election in 1936,

every trick in the political bag will be used by the Republicans to discredit President Roosevelt. The Republicans did not take this election very seriously, understanding that the nation was backing the President in the New Deal. Mistakes of the New Deal will be revealed, and magnified during the coming months until the battle of '36 takes definite form.

The sixteenth anniversary of Armistice Day will be observed next Sunday. If the several million men who lost their lives during the World War could return to life, they would wonder as to who won the war, and whether or not they gave their lives in a just cause. The present world wide mess of political and economic questions unrest and uncertainty, is not understandable to those who have lived through the past 16 years, let alone those who might return to the world and see what has transpired since the Armistice was signed.

Littering up the city with hand bills is a poor method for any business man to say that he is advertising his store. Not 50% of these bills ever get into the home to be read by the home owners. Those who really wish to get their messages into homes where buying is done have one sure method of approach—the newspaper. The newspaper is welcomed into the home of every member of the family. The bill thrown on the lawn or stuffed in the door is considered a nuisance by a majority of home owners.

War in Europe is predicted by many authorities, while its possibility is denied by others. Just how any European nation could finance a war at this time seems a mystery. If those nations are too poor to pay their debts, who would loan them more money to waste through another war? While the munition makers, and the war lords would gladly start another conflict, it is hard to comprehend such a thing in view of the bitter oppositions shown by the more intelligent leaders in Europe.

If the Texas constitution is in such a miserable shape, a constitutional convention would be the place to fix it up. Tacking on amendments without due consideration will never get the job done. However, the great difficulty in having a constitutional convention to properly function is the fact that qualified men could not be selected who would give unselfishly of their time to perform the task.

Halloween pranksters did more damage than usual this year in many places. Ever so often youth must burst forth and get rid of surplus energy. However, the destruction of other people's property is not a very good method to show the exhilaration of youth.

Popular interest in un-employment and old age pensions increases very greatly as the seriousness of the depression and drought

THE GREAT AMERICAN HOME

shows their ravages upon the rank of the older people in this country. It is very doubtful if an old pension of such proportion as now advocated will be passed. But it is a good idea and one that will eventually be passed by congress.

It will probably never dawn upon a certain class of our youth that crime never pays. Those who weep over their transgressions are the ones who are caught.

Condon Talks To Groups Concerning Regional Libraries

At a meeting in the auditorium of the Administration Building Friday afternoon at 3:30 o'clock, Professor S. H. Condon was the principal speaker. Members of the library corps, friends of the library, and representatives from other organizations interested in libraries in this region were present. Mr. Condon was appointed to the State Library Commission early in the summer of this year and attended the regional convention of the Southwestern and Southeastern Library Associations held at Memphis, Tennessee, October 17th-20th.

Texas Lead in Delegates
Mr. Condon told of his trip and of plans made at the regional meeting in regard to more libraries for the South. Of the seventeen states represented there, Texas led with more than five hundred delegates to the convention. According to the speaker, Memphis is an ideal example of the purpose for which the meeting was called as it has many fine libraries and public parks for the recreation of its people.

South Ranks Low
At present, the South ranks lowest in the nation in library facilities. With an approximate population of 33,000,000, there are only 485 public libraries with 11,800,000 people in the area served by them. There are twenty-six million people without library facilities of any kind and 788 counties without a library in their bounds. In the 495 libraries, there are 6,715,000 volumes which makes a total of .2 book per capita of the South. Formerly the South has stressed

teaching people how to read. That is not the question now; it is furnishing them with sufficient and suitable material to read.

The county has been established as the most economical unit for the administration of libraries. This is true, however, only in the thickly populated counties. In the Panhandle, large, thinly populated counties make this plan impossible. The only logical basis for this section is the multiple county unit.

Plans for Regional Libraries
Tentative plans were made at the convention for establishing regional libraries over each of the states with the state bearing the expense of equipping them and the county supplementing and serving as a medium for the distribution of books. Mr. Condon offered the suggestion, at the Memphis meeting of the Texas Commission, that present state educational institutions be made the center of such library activities and his suggestion was readily accepted.

W. T. In Natural Center
In the event that the State Legislature gives aid to this project, there will be seven or eight regional centers in the state. W. T. is the natural center for the twenty-six counties which would comprise this district. Mr. Condon stated that a regional library can be established here without waiting for the state to do so. To do this it would be necessary to enlist the aid of the various County Commissioners Courts of these twenty-six counties.

Each county would contribute \$250 to \$500 and within five years the library should contain as many as 15,000 volumes. This plan does not interfere in any way with existing county libraries. They would be distribution points for the regional library.

In no place in the nation are more changes impending, industrially, educationally, and socially than in the south. This being true, we should make every effort to be prepared for them when they come. Adequate library facilities for everyone are the best means of preparing people for changing conditions.

In closing, Mr. Condon directed the attention of his audience to the great possibilities for the development of the institution were it possible to secure the position of regional center for this district.

He gave conclusive proof showing how the college would be benefited as much in the future by the addition of a regional library as it has been in the past by the museum and the proximity of the Palo Duro State Park.

BUFFALOES WIN LAST HOME GAME OF SEASON FRIDAY

Playing in their last home game of the season the West Texas Buffaloes put on a display of power for the fans to capture a 30 to 6 battle from the New Mexico Normal Cowboys.

First Score

Frank Van Noy, cotton-headed halfback, crossed the line early in the first quarter for the first score. Stina Cain, Buff right end, covered the ball when Burson of the Cowboys rumbled the ball on an attempted punt on the six yard line. Holston picked up five yards on an off-tackle play, and Van Noy went off the other tackle for the score. Teague kicked the extra point.

Immediately the Cowboys made their first threat to score. Burson ran the kickoff back 60 yards to the 33 yard line. Burson and Stevens made a first down on the Buff 20. Then two tries at the line for no gain and two incomplete passes gave the Buffs the ball.

Champion got off a nice 55 yard kick with the wind to set the Cowboys back on their 15. Cain came in fast to block Burson's kick, and cover the ball over the end zone. As the ball had crossed the end zone before Cain could gain possession of it, the play was scored as a safety instead of a touchdown, mounting the score to nine points.

Teague Scores

Once more the Buffaloes counted in the first period with Teague getting credit for the score. Van Noy initiated the drive with a 29 yard run from nearly the middle of the field to the 16 yard stripe. Holston made one yard over the center of the line, and Teague on a beautiful reverse covered the remaining 15 yards to score standing up. Teague again converted the extra point. At the end of the first quarter the score was 16 to 0.

Cowboys Score

The single score of the game for the men of Coach Stu Clark came in the second quarter when Van Noy fumbled the ball. Smith of Las Vegas covered the ball across the goal line for a touchdown. Burson failed to dropkick the extra point.

Second Half

Just as the second half began the Buffs started another drive which ended in a score. Holston and Thompson made the drive a personal affair with both backs contributing long runs. The smallest gain by either was ten yards as they marched from one end of the field to the other with Holston going the last 11 yards to score. Bill Allen continued the perfect score on extra points as his place kick split the upright bars.

Holston and Thompson started to repeat their trip to pay dirt as Thompson, exhibiting lots of drive, tore off tackle for 13 and 25 yard runs. Holston followed him with two dashes of 12 and 10 yards, and another touchdown was in sight.

However, at this juncture, fate decreed that Holston should tear

his pants. He was removed for a substitute, and with the inspiration gone, the Buffs were held for downs.

Vernon Johnson, of Childress, big burly end, who decided last week, with a little help, that he wanted to play in the back-field, accounted for the last score. Johnson made a circus catch of a 15 yard pass from Van Noy to place the ball on the 20 yard line. A series of line plays advanced the ball to the three yard line and Johnson counted. Cagle Teague finished with a perfect day on extra points as he kicked the ball into a strong wind for the last point. Teague had three extra points and Bill Allen one in four tries.

A Sure Way To Prevent Winter Trouble for Motorists of CANYON

Special Winter Grades of Germ Processed Oil Give Positive Starting, Improved Gasoline Mileage and Utmost Motor Protection!

Change now to the proper grade of New and Improved Conoco Germ Processed Motor Oil. You'll get:

1. **Positive Starting.** These new lighter grades permit your motor to reach higher "cranking speed." You save your battery. You choke less—waste no gasoline.
2. **Definitely more miles per gallon of gasoline.** These lighter grade oils flow freely and minimize friction.
3. **Utmost Motor Protection.** Other oils drain away, leaving parts unprotected when you start. Only Conoco Germ Processed Oil penetrates and combines with metal surfaces, forming the "Hidden Quat that Never Drains Away." Every part is fully oiled from the first turn of the motor. It cuts down starting wear—saves repair bills!

Conoco dealers and stations have the new Winter Grades, namely, 10 W and 20 W—heavier grades, too—in refinery-sealed cans and in bulk. Consult the Conoco chart, fill with the proper grade—and stop worrying!

A. A. U. W. HAS
NOVEMBER MEETING

The Canyon branch of the A. A. U. W. met Monday evening, Nov. 5th at the home of President and Mrs. J. A. Hill. Misses Lois Goodrich, Erin Gamble, Ruth Greenfield, and Gwendolyn Black assisted Mrs. Hill as hostesses.

After the program study hour the groups re-assembled for the business session. At this time the hostesses served delicious refreshments.

The main feature of the business meeting was the report of delegates to the state convention at Wichita Falls, Oct. 26th and 27th. Accounts of recognition, legislative, and social activities, together with various projects of the organization were given by Mrs. Reeves, Mrs. McCarter, and Miss Jean Moore, respectively. During the convention Mrs. Geraldine Green, president of the Canyon branch, served as parliamentarian. Mrs. T. B. McCarter, historian of the state group, presented an up-to-date history of that body. The Canyon chapter was represented among the district exhibits, under the supervision of Miss Elsie Savage, formerly of W. T.

The delegates named as most prominent speakers Dr. Margaret Bryson of Denver and Greeley, Colorado, who spoke on "Child Health," and Dr. Evelyn Newman of Rollins College, Winter Park, Florida, who discussed the responsibility of women in the present political and economic crisis.

During the evening the guests offered whole-hearted congratulations to the Hill family upon the arrival of little Miss Carol Jane Hill, granddaughter, and to elect her unanimously, newest member to the A. A. U. W.

The group was invited to hold its December meeting at the home of Miss Agnes Charlton with Miss Hattie M. Anderson, Mrs. Tommie Montfort, and Miss Charlton hostesses.

Mrs. Earl Robbins and Miss Gwendolyn Black visited Ray Robbins in Olton Sunday. Little Miss Sarah Slack accompanied them and visited her brother Joe, and his wife, who live there.

PANTRY DEMONSTRATOR
PARK H. D. CLUB HOSTESS

The Park Home Demonstration club of Randall county, observed its third annual Achievement Day, in the home of Mrs. John Coburn, pantry demonstrator, for the Park Club. Besides the County Home Demonstrator, Miss Sadie Kate Bass, there were nineteen regular members, one new member and forty-two guests present. One club in Potter county and five clubs in Randall county were represented. They were Soncy club, Potter county; Zita, Westside, Edgetown, Johnson and Lakeside clubs of Randall county.

The following program was given:

Program Leader, Mrs. Herrick Simon.
"Under the Double Eagle," and "Beautiful Texas," Johnnie Laddiehoff and O. E. Sherer.
"One on the Agent," one act play, Mrs. Leonard Winters and Mrs. Flynn Winters.
"Congratulations," reading, Mrs. C. C. Benton.
Pantry Demonstrator Report, Mrs. John Coburn.
First Year Wardrobe Report, Miss Dorothy Laddiehoff.
Second Year Wardrobe Report, Mrs. Mary Simon.
Short Talk, Judge S. B. Orton.
Short Talk, Commissioner W. E. Bennett.

"Over the Waves," Johnnie Laddiehoff and O. E. Sherer.
After the program a very delightful tea was served to the guests and club members. An autumn scheme was carried out with many beautiful bouquets of flowers. The guests were favored with a small bountiful of white and yellow chrysanthemums.

On the display table were the "old" pressure cooker and the pressure cooker of today. All different kinds of glass jars and tin cans were shown, and the recipe file and record book were left open for inspection. The gift table was arranged with beautiful and practical gifts that could be obtained from the pantry and wardrobe.

The inspection of the pantry was the most interesting feature of the afternoon, and at a late hour the guests departed, believing that the best motto for living, is to "Live at Home."—Reporter.

Lyceum Numbers
Announced For
W. T. by Clark

Wallace R. Clark has announced the coming Lyceum attractions of the year.

Some time during the next nine weeks period a member of the former Byrd Expedition will present an illustrated lecture.

During the same period Will Irwin, eminent lecturer, will give an address.

Dramatic interests envelop the first nine weeks of the second semester. The public will be privileged to witness an exhibition of the Pollard Players—artists of noteworthy talent and renown.

As the final attraction of the lyceum season, the Curtiss String Quartet will be presented.

No definite dates for any of these attractions have been arranged as yet.

Cronin's Sale a Sensation . . . Davis Cup to Get Some Young Blood . . . Speed Age Has Hit the Gridiron

BY PHILIP MARTIN

JOE CRONIN's sale to the Boston Red Sox, despite Washington's jinx-ridden season that brought the club to seventh place in the year's wind-up, came as a sensation to players, fans and sports writers everywhere.

Joe was believed to have a lifetime job at Washington. His marriage to the adopted daughter of his boss, Clark Griffith, strengthened this belief.

It was known for some time, though, that Joe was far from satisfied with his job at the capital, it being his theory that managerial cares hurt his playing and hitting.

But that makes the transaction all the more puzzling, since the contract which sent Joe to Boston in exchange for a fantastic amount of dough and the Red Sox infielder, Lyn Lary, specifies that Cronin's new chore involves managing the Hub team for the next five years.

But maybe the fact that Cronin is getting a "tremendous increase" in salary tells the whole story.

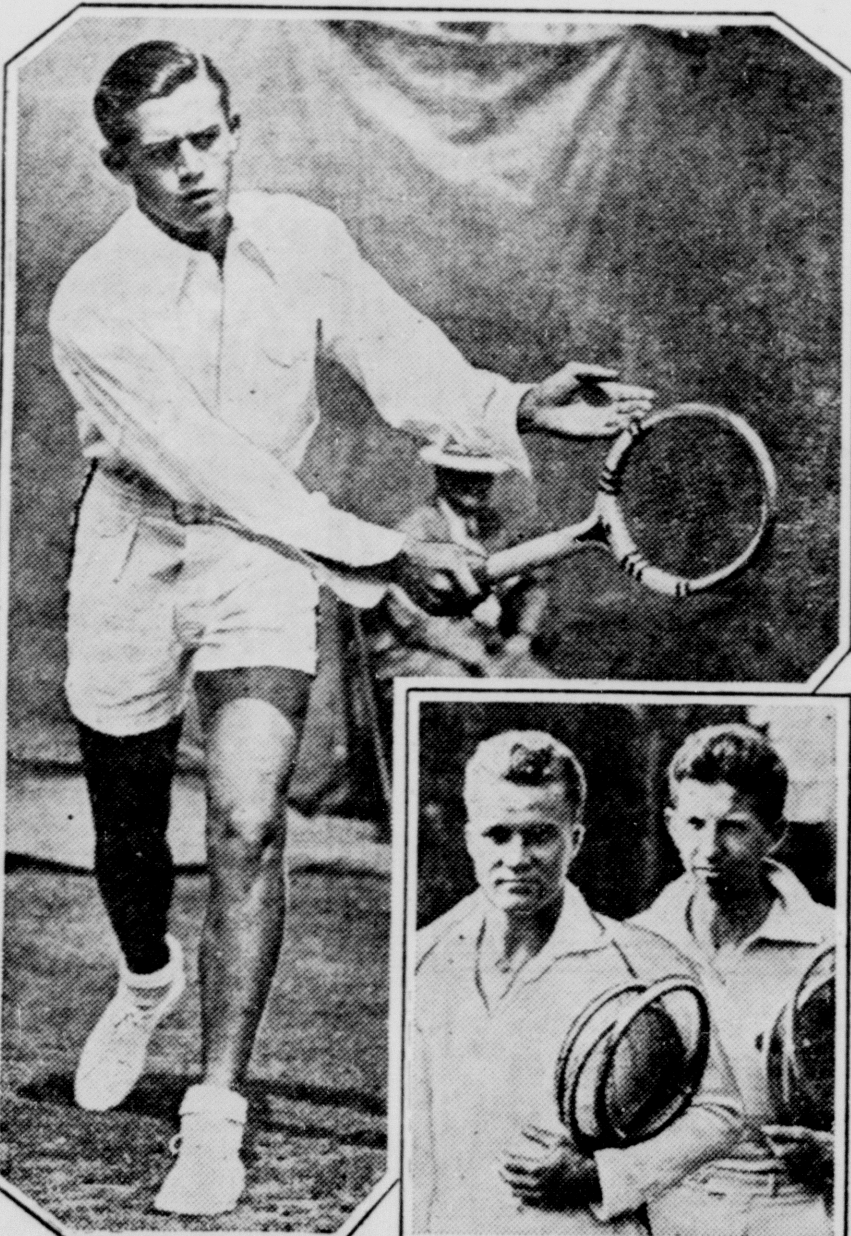

THE American Lawn Tennis Association's announcement that three youngsters would get tryouts for the Davis Cup squad this year indicates that the august tennis fathers believe that, after all, maybe Bill Tilden does know his tennis.

Bill, always somewhat of a stormy petrel in the realm of amateur tennis, has been pointing out that what U. S. Davis Cup squads need is new blood to combat the strength of foreign players.

Accordingly, it has been announced that Don Budge and Gene Mako, Californians, and Frankie Parker, the Milwaukee Polish boy, are to get chances.

It's our belief that one, and possibly two, of these kids will be on the team with Sidney Wood, Wilmer Allison and George Lott next year. Mako will have first choice; Parker will get second call; and maybe Budge will come through to give the American team three youngsters and the veteran, Wood.

THE day of the mastodon in football has passed, and that

Here are the three youngsters who are prospective candidates for next year's Davis Cup squad. At left is Frank Parker, Milwaukee tennis star; below, left and right, are Gene Mako and Donald Budge of California.

of the gazelle has dawned. For lo, these many years, a grid coach considered himself lucky if he had a forward wall made up of hard-blocking, brawny fellows. Nowadays, what with laterals, long forward passes, and fake spinners in profusion, a great burden has been placed on the secondary defense.

The player who is prized nowadays is the fleet little guy who can bring down eely-hipped, agile pass-catchers. Offensive ability counts a lot, but not near-

ly what it used to.

Some of these diminutive but speedy backs who are making names for themselves in the new grid era are: Tommy Neal of Iowa State, weight 160 pounds; Ferris Jennings of Michigan, 140-pounder; and 134-pound Bill Dye of Ohio State.

They are just a few of the half-pints who have forged to the front this year, but they indicate fairly well that the beef-trust theory will soon take its place with the daddo.

Topping Goodnight Trail Scheduled in Next Few Months

According to statement made by highway engineers, the contract for topping of the Goodnight Trail from Canyon to the Palo Duro State Park will be let in a few weeks. It is likely that this bid will be let next month.

Practically all of the caliche work will be completed during the coming week.

Musical Program Is Given Tuesday For Rotary Luncheon

Misses Pauline Brigham and Frances Usery entertained the Rotary Club Tuesday with a number of piano duets. The program was in charge of Joe Hill, chairman of the Students Loan Fund.

Dr. Sylvester Ingham reported on the trip of the club to Hereford last week where the Lions entertained the Canyon group. A vote of thanks for the splendid entertainment was sent to the Hereford Club.

Irby Carruth presented the need of song books to be used by the Mother Singers in connection with the P. T. A. work, and the matter of the Rotary Club furnishing these books was referred to the executive committee.

Visitors present Tuesday were: Carl Makiel, W. S. Norman, J. M. O'Brien, C. R. McAfee, Herman Axlerod, N. H. Moore, W. W. Rusk, Allen Early, W. W. Kelly, J. S. King and Earl Scruggs, all of Amarillo.

Mr. and Mrs. B. V. McBride left Tuesday for Midland where they have been moved by the West Texas Gas Company. Woody Lackey of Plainview will be placed here in Mr. McBride's place.

San Francisco's Water Dream Comes True

From Hetch Hetchy Lake in the Sierra Nevada, mountain water tumbles by gravity through a pipe system into San Francisco, 170 miles away, culminating a giant engineering task that took 22 years to complete and cost \$100,000,000. The project can deliver 60,000,000 gallons of water daily, and develop 100,000 electrical horsepower. At left, above, is Hetch Hetchy Lake, source of San Francisco's new water supply. Below are shown the pipes which convey mountain water to the city, along the route indicated in the map at right.

TALL AERIAL ERECTED ON FIRST NATIONAL BANK

Many Canyon citizens were astonished Monday evening to see a 44-foot aerial which had been erected on top of the First National Bank building. It was rumored that a broadcasting station was being established in Canyon.

Investigation proved that Donald Trollinger had erected this aerial and as a result was able to get stations from all over the world. The aerial is 14 feet higher than the specifications call for in order to escape ground resistance, in addition to being on top of the Bank building.

Radio fans have been listening to stations all over the world as a result of this high aerial connected with Mr. Trollinger's machine at the Canyon Hardware.

PRaises Batchelder

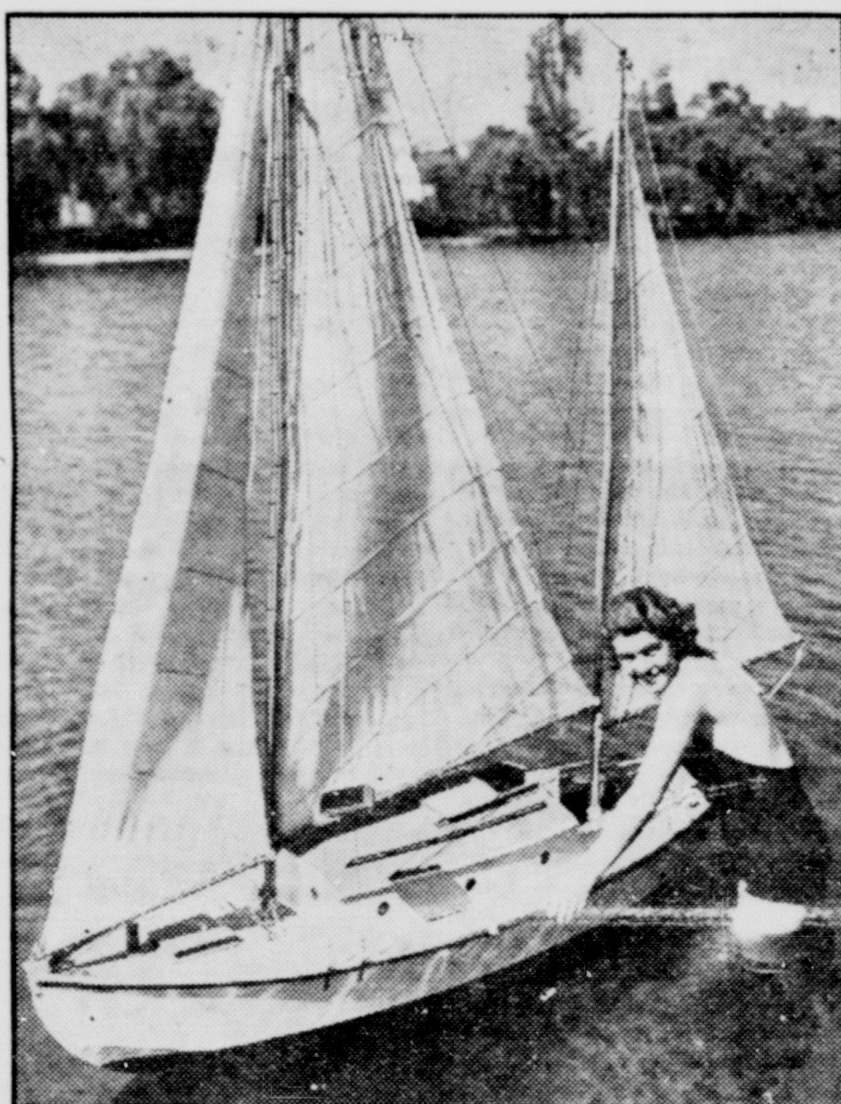

Tuesday night I attended one of these banquets given by the Little Theatre group. They had a fellow from Canyon by the name of Batchelder who demonstrated some things about Dramatic Art and what I mean is that he sure could demonstrate. Adjectives were nothing in his young life and if he used the same one twice it was so camouflaged that it couldn't even be called a second cousin. He was really good and after these Dumas Little Theatreites taking a few tips from him we will probably be getting letters from them from old Broadway within a couple of weeks.—R. W. Miller, in Dumas News.

MENACES AND MENACES

When a salesman comes to town selling hosiery, groceries, magazines, etc., some merchants feel sure that he is a menace to the community and that it is the solemn duty of the home newspaper to fight against the invader. But when a fly-by-night peddler for a cheap printing concern blows in or a man with practically no investment in a second hand mimeograph comes to town, that's no menace.—Tulia Herald.

Popular men always guess a woman's age and then divide it by two when they tell her.

Wal, next in the line uv broken bones is our Eagle center, Chris Wooten. Cris wuz tacklin' Boots Johnson, an' I gess Boots musta took my advice an' e' a lil' spin-ach, an' hardened overnight, cuz when Chris tackled Boots he broke his left han'. Here's my sympathy to ye, Chris, cuz I know 'bout how yer gonna feel not gettin' ta play no more football fer Canyon High.

My idee of a good sport is our ol' frien' Mark Foster, an ex-student uv C. H. S. Th' second-year home ec gals went down ta th' Bakery tother mornin' an' Mark give 'em all the cinnamon rolls they cild eat, an' a loaf uv bread a piece. Good luck ta ye, Mark, ol' boy, an' long may we eat yer bread!

I don't know what th' rest uv ye tho't, but I tho't the chapel program Thursday wuz a dilly. I enjoyed every bit uv it, from th' time that Mary Lou Vandergriff started playin', till Bill Smith stopped talkin'.

What did y'all think uv th' football game, Fryde? Ye know, I enjoyed the ball game a lot, even if they did beet us by a first down. It wuz a shame that we culn' a beat 'em, but we c'n take it, can't we? Thet Tulia pep squad wuz really beautiful, wuzn't it? Personally, I think Tulia is O. K.

What I want ye Eagles ta do is work hard, and train good, so thet ye c'n beat them Hereford Whitefaces! I'll guarantee ye a real backin' over thar, an' I'll do my part in yellin' for ye. Mickey sed she'd see that the pep squad did sum good yellin' so ye see ye gotta work hard!

HIGH SCHOOL SPELLING

"Readin' and 'ritin' and 'rithmatic," but what about spelling? Did you know that spelling words goes on as long as you live?

Why are some students failing English courses? Why cannot some business men make good? Here's your answer—they can't spell.

In grade school, most students are too young to see the need for spelling. They memorize words to make 100 on spelling papers, forget it, and go into high school unable to spell.

There's not a word in the dictionary you can write without spelling it. Most of the misspelled words are the more simple ones, because people think, "Oh, well, I guess this is the way to spell it," but when it comes to long, difficult words, they go to a dictionary or use more simple words.

Since it is so necessary to be able to spell, should not a course in spelling be given in high school?

WHAT IS YOUR TIME WORTH?
What do you do with your time? Time is valuable to most people, and it should be to you.

It has been said, "There is a blank mind where there is idleness, and thought cannot enter." Don't say you haven't heard that "An idle mind is the devil's workshop."

Do you waste your time in the study hall, sleeping or day-dreaming, or do you study? Don't answer. If you have to sleep, why not sleep at home? Shouldn't school hours be spent in cultivating the mind for later life?

ETIQUETTE

Q: Should tinted stationery be used in social and business letters?
A: Never used tinted paper for business correspondence and white stationery is preferable for social letters.

Q: Should all letters have date headings?
A: Yes, it is very essential.

Q: Where should the return address on a letter be placed?
A: Preferably on the face of the envelope in the upper left corner.

EX-STUDES HOLD
FIFTH BANQUET,
67 ATTENDINGCARRUTH WELCOMES ALUMNI.
ENTERTAINMENT GIVEN
BY MEMBERS

Graduates from the class of 1905 to 1934 were represented at the fifth annual ex-student banquet, held at the Presbyterian Church, Saturday, November 3. Sixty-seven ex-students were present, several of which were out of town guests.

In his welcome address, Mr. Carruth made this statement, "We hope that the schools of today are training the students of today as well as they trained you." Miss Lenna Foster gave the response.

Demonstration Given

The guests were highly entertained by the demonstration of an old-fashioned school, of which Mrs. John Davis was teacher, and Mesdames I. B. Carruth, Charlotte Ingham Word, Misses Gwendolyn Black, Ruth Greenfield, Lenna Foster, Elizabeth Croson, and Messrs. Delbert Lowes, Bob Black, and J. D. Gamble as pupils. The trustees, Lee Foster, Clyde W. Warwick and Supt. I. B. Carruth were visiting the school. The children sang several songs, and Mr. Warwick was displeased with their conduct, so the morning session was concluded with his talk on the misbehavior and indecency of dress.

After the lunch hour, J. D. Gamble gave his declamation, made up of a series of "Four Score and Seven Years Ago" and a mixture of various other declamations, ending with "My Son, You'll Be a Man."

Mrs. Carruth gave a dramatic "recitation" which brought tears to the eyes of the trustees and the teacher. Misses Croson and Black played a piano duet. School was dismissed and with Mrs. Word at the piano and Mr. Warwick, leader, everyone sang "Schooldays."

Exes Tell Experiences

Several of the ex-students were called upon to reveal old experiences. Coach Jones was afraid to tell his experiences, since so many present were still in college, and he was afraid that they might get some ideas.

Mrs. Maud Brandon Bryant, a graduate of 1905, gave an interesting talk about her school days, and showed a picture of her graduating class. She presented her daughter as one of her accomplishments.

Mrs. Sanford Black said Lee Foster "used to wear peg-topped trousers."

Black Chosen President

The entertainment closed with a short business meeting, at which Bob Black was elected president of the Ex-Student Association, J. D. Gamble, vice president, and Armer Lee Greenfield, secretary-treasurer.

Hallowe'en Parties
Given For Grade
School Students

Ghosts and spooks were in vogue with the grade school during Hallowe'en week. Almost every grade had a party.

Mrs. Ed Harrell and Miss Shirley Harrell entertained Miss Gwendolyn Black's third grade class with a Hallowe'en party Wednesday afternoon at Mrs. Harrell's home. The ghosts, witches, scarecrows, pirates, and other spooks enjoyed indoor and outdoor games, after which refreshments of ice cream, cookies, and candy were served. According to Miss Black the children enjoyed the party very much.

4B was entertained by Mrs. L. M. Cousins, their teacher, and Mrs. W. R. Johnston. A number of stories were told and games were enjoyed, after which refreshments of apples and popcorn balls were served.

The 5A class had a Hallowe'en party at the home of Miss Lenna J. Foster, their sponsor, October 27th. They went to the show. After the show, the class returned to Miss Foster's home, and played several games; they were served punch and cookies.

Pirates, bold, ghosts and clumsy clowns gathered at the home of Mrs. Ralph Harter on October 29, to meet the witch in her dismal den and have their fortunes told, to test their skill in carrying pumpkin seed on a knife, to follow the directions of the cats and the roasted marshmallows and ate owls, and listen to spooky stories.

Bread In Hand—
Future Benjamins?

Many girls could be seen going down the street Thursday morning with a loaf of bread under their arms and chewing on a cinnamon roll.

They may have been imitating Benjamin Franklin, but say, the truth is that those Canyon Bakery boys just gave those second year home economics girls all the good things to eat that they could hold. Did these girls, like Benjamin Franklin, pass their future mates as they walked down the street?

Armistice Program
To Be Given Friday

An Armistice program is to be given in special assembly, Friday, November 9.

Dan F. Sanders, president of the School Board, will give a talk on "Why the American Legion Upholds Education." All of the classes will stand and sing "America." The college orchestra is to furnish the music. Mr. Pope will give "The Meaning of Armistice." There will be several songs sung at the end of the assembly.

Principal Serves
Two Years in Army

The principal of Canyon High School, John B. Pope, Jr., was in the army two years during the World War.

He began his training in the Second Training Camp at Leon Springs, Texas. There he was commissioned First Lieutenant in Field Artillery and assigned to Camp Service in Greenville, South Carolina. There he was examined for air service, and was sent to the School for Aerial Observers at Lawton, Oklahoma. From Oklahoma he was sent back to Texas to the Aerial Gunnery School at Tallifero Field in Fort Worth.

Goes To France

From Fort Worth, Mr. Pope went to France, by way of England, on July 4, 1918. There he entered the School for Observers at Tours, France. After finishing his course there, he went to the front, arriving there just before the Argonne Drive. He served through that drive with the Ninety-first Aero Squadron of the First Army.

Mr. Pope and his partner were credited with three enemy planes.

He was mentioned twice in First Army Orders and once in Squadron Orders.

Mr. Pope served on the front until the Armistice was signed. After the Armistice was signed, he went to Germany with the Army of Occupation and was stationed at Coblenz.

Education Cure For War

"As long as the people of the world continue the present nationalistic idea in education and the misunderstanding of other races continues, war will exist. In education lies the cure for war," said Mr. Pope.

Popcorn balls, apples, and candy tasted good to the 36 guests of the 4A class at the close of their frolic.

Dressed as all kinds of Hallowe'en spooks the members of the 5B class met Wednesday evening with their sponsor, Miss Erin Gamble at the Daugherty home, accompanied by Mrs. R. A. Nicholas and Mrs. Mark Laughery. They did their part toward scaring stay-at-home people, according to Miss Gamble. After visiting P. J. Neff, who could not join the spooks because of a broken leg, the crowd stopped at the Nicholas home to enjoy apples and a radio program. Their spooking over, they returned to the Daugherty home where they bats, cats, owls, and other kinds of Hallowe'en candies.

Doris Marie Ball entertained a group of friends on her birthday, October 23 with a skating party. As the guests arrived, Jack O'Leary suckers were given to them. After some time spent in skating the guests helped Doris open her gifts, after which the girls found their places marked by little pigs or big bad wolves. A refreshment course was served to Dorothy Strain, Pauline Vanarsdall, Carlbell Newberry, Katy Jean Black, Bettie Mae Guthrie, Polly Cluck, Willie Pike, and the hostess.

Mary Bourn entertained the 6A grade at her home. The games played were diving for apples, two deep, flying dutchman, wink 'em, house of horrors, and a relay race.

Public Schools Observe
American Education Week

The first American Education week was observed in 1921. The idea of a nationwide observance of a program planned to interpret the needs, aims, and achievements of the school to the American public grew out of a series of conferences which began in 1919 between the American Commission of the American Legion and officers and committees of the National Education Association.

War Discloses Weakness

The Great War disclosed the extent to which the human resource of the nation were handicapped by lack of knowledge and skill to serve the country adequately in a crisis. The American Legion Americanism Commission sought the assistance of the National Education Association in establishing an annual event which would become a great nation wide festival in which the American people might rededicate themselves to the ideal of self-government based upon an enlightened citizenry. Thus American Education Week began. In this project, the American Legion and the National Education Association invited the co-operation of the United States Office of Education, which is now one of the

sponsors of the event.

Each year the general theme is the day-by-day topics of American Education Week are selected by a joint committee of the American Legion, the United States Office of Education, and the National Education Association. This program is adopted by states, counties and cities of their special needs.

The day-by-day program for American Education Week follows:

Monday, Nov. 5—Planning for Tomorrow.

Tuesday, Nov. 6—Developing New Types of Schooling.

Wednesday, Nov. 7—Continuing Education Throughout Life.

Thursday, Nov. 8—Financing Our Schools.

Friday, Nov. 9—Quickening the Sense of Civic Responsibility. (School Observance of Armistice Day.)

Saturday, Nov. 10—Preparing for New Kinds of Service.

Sunday, Nov. 11—Enriching Character Through Education.

Canyon Public Schools are observing National Education Week by an assembly program in the grade school Monday in which Miss Elva Fronabarger told the purpose of the observance of National Education Week.

Gridiron Gossip

BY A GRIDSTER

Friday afternoon, the Eagles will journey to the Whiteface grid field when at 2:30, two of the district's outstanding contenders will vie for sectional honors. The two different schools await with anticipation the outcome of the fray.

If the score is in the Eagles' favor, the sectional championship will be thrown in a three-way tie. If, however, the Whitefaces are victors, they will be sectional champs, and deserve the right to play the Dumas Demons for the district crown.

The Eagles, losing a brilliant and spectacular game to Tulia, and not in the least daunted, will be in rare form for their most important game of the season tomorrow afternoon. The game last Friday was one of the most thrilling games ever witnessed on the local grid.

With a lot of support and backing, the Eagles will surely come through the affair on the long end of the score.

The Loyalteen B. Y. P. U. had a social Tuesday night, at the First Baptist Church.

Glenna B. Eastwood entertained guests at her home Wednesday, Oct. 31.

Jewel Chambers spent the week-end in Hereford.

Winnie Dee Hicks spent Sunday in Pampa.

Businesses Close
Thanks! Thanks!

The wholehearted thanks and deepest appreciation of the Canyon Public School Student Body goes to those merchants who closed their business houses Friday afternoon for the football game.

Such a considerate move as this shows that these business men are backing their local institutions, and have their interest at heart.

The students know that the merchants made a sacrifice by closing their doors for the game, and wish to say in return "if you ever need our help let us know."

If the students had felt, in times past that the town wasn't particularly interested in their affairs, such a notion was routed from their minds by the merchants who closed for our game Friday. Students! let us boost our friends, the merchants, for we have a fine bunch at that.

STUDENTS.

Ex-Studes Present
Special Assembly
Program, Nov. 2

The ex-student assembly, Friday, November 2, was presented by four ex-students.

Alice King Wood of the class of '26 gave "The History of the Canyon High School Ex-students Association," in which she told about the preceding ex-student banquets which have been held.

A piano solo, "The Glow Worm," was given by Lee Christine Cousins of the class of '34. Two tap dances were given by the Exes of '35, Mable Schmitz, Edith Steen, and Mary Lou Vandergriff.

Mary Beth Campbell of the class of '33, gave a reading.

Bob Black, ex-student of the class of '33, gave a pep talk preceding the Home-coming game. "Who's Gonna Win!" was the direct quotation from Bob Black, and he received this answer from the entire assembly "We Are!"

Bob said "even if the Eagles are rated as the 'underdogs,' they will not be defeated by the Hornets." He also gave reasons for boys playing football. "A football suit is his mask of courage," said Bob.

The entire assembly—both boys and girls, students and ex-students joined in a number of yells for the Eagles.

Big Crowd Attends
P. T. A. Carnival at
C. H. S. October 30

People from all over Randall County assembled Tuesday night, October 30, at the Canyon High School to attend the P. T. A. Carnival from 7 o'clock until 10:30 o'clock.

At 7 o'clock the primary grades put on a program, following this the sideshows and booths were opened. These were managed by students in the fourth to eleventh grades and town organizations.

The last event of the evening was a program of competitive stunts, with the crowning of the Queen of Hallowe'en, Carolyn Mayfield.

Proceeds from the Carnival amounted to \$114.40, after all expenses were paid.

The American Legion won \$3.50 for taking in the most money at their booth; the Legion Auxiliary won \$3.50 for putting on the best stunt.

HOME ECONOMICS DEPT.
GETS SEWING MACHINE

The home economics department has received a new Singer sewing machine. It will sew backwards as well as forward, and darns holes. The number of stitches to an inch can be regulated, and the tension can be regulated more accurately than on the older machines. The department now has six sewing machines.

Ex-student, Agnes Hicks, underwent an operation for appendicitis, Oct. 29.

Beware of Tuesday
—Disastrous Day

"Beware of Tuesday," says Overton Donnell, "instead of the dog." Overton declares that he broke his leg and hand on Tuesday, and also received a life-lasting scar on his head.

Chris Wooten and Kenneth Black join in on the chorus of "Beware of Tuesday," since the former received a broken hand and the latter sprained his ankle on that day. The most disastrous happening that has been recorded in the Canyon High School was the birth of Wesley Cox on Tuesday.

A. L. Fox Sponsors
New Radio Club

A Radio Club was organized last Monday under the supervision of Mr. A. L. Fox. Mr. Fox, having worked in a radio shop, is experienced in this type of work. Lorenzo Wirt was elected president.

Mr. Fox said that if everyone would work together that every member of the club would have an excellent chance of learning a great deal about radio.

"The only requirement to belong to the club," said Mr. Fox, "is a willingness to work."

Love and Business
of Scorpio People

By Prince Ziabo

Nine high school students are ruled by The Decans of Scorpio and the Decans of Sagittarius.

Billy Black and Melvin Callihan, born Nov. 7, have the same fates:

Understanding is their best talent, but they must beware of unhappiness in matrimonial affairs. They can develop this sense of understanding into a perfect asset. Their professional type of work is either as doctors, lawyers, or actors. They are to beware of any secrets, especially any concerning occupations and money.

Dellas Zachery, born Nov. 12, is quite emotional. He will either be controlled by negative emotions, or he will control them. These emotions are: hate, envy, greed, and self-pity, but he is also blessed with good health. His marriage will more than likely be unhappy. He should be very sure that he marries for love only; money and position may tempt him.

Douglas Brasuel, born Nov. 13, has much the same fate as Dellas. He should take very good care of his money because it will never be very plentiful. Always, he should be cautious in real-estate matters and curb his tendency to move often.

Gerald Dean Heath has before her a long and plentiful life. She was born Nov. 17. She is likely to experience a great love affair some time very soon. She should quickly engage in other activities in order to have something else to strive for, because this affair will more than likely be a sad one.

Being born Nov. 20, brings Rowena Lockwood much evil and good luck. Rowena's artistic talents will always be catered to. She does not forgive one easily, but is congenial. Rowena will have good luck in love, but must not gamble at cards.

November 24, marks the date of Johnnie McBroom's birthday, and his fate is ruled by Sagittarius. His tendency is to attempt too many feats at once. He is also inclined to take only the facts of things and not ask the "why" of anything. He has either his choice of working hard and being intelligent, but not very happy, or not working and being happy.

The fate of Joe Frank and Ray Ford Rusk, both born on Nov. 30, can be compared to a pair of field glasses when the sun rays hit them. They either scatter or penetrate. These boys have the ability to be a success or to lead bright, colorful lives without any effect on people. Neither will marry for love, and both will live to regret their choice in love.

JUNIOR CLASS PINS

The junior class decided in a meeting last Monday afternoon to buy class pins. Five have already turned in money for the pins, and others are expected to do so.

This will be the first junior class to get pins since 1930.

Ethel Lee King of Tulia spent the week-end in Canyon visiting Mrs. J. J. Walker and Miss Billie Louise Greenfield.

TULIA WINS ON
DOWN; PENETRA-
TIONS ARE TIEDHEREFORD GAME IS FEATURE
OF SECTION GRID
CONTEST

Losing by one first down, the Canyon Eagles dropped a conference game to the Tulia Hornets, Friday afternoon on Buffalo Field, with the score 7 to 7.

Each team had three penetrations to its credit, the game being decided on first downs, Tulia having eight first downs to Canyon's seven.

Tulia Scores

Canyon kicked off to Tulia, the ball going out of bounds on Tulia's 15 yard line, where Tulia attempted to kick out of danger, the kick being blocked. Canyon penetrated in the first few minutes of play, but it was still in the first period that Tulia accounted for her 7 points.

Brooks Scores for Eagles

Late in the fourth period, Brooks, Eagle fullback, kicked fifty yards against the wind which put the ball on Tulia's 10 yard line. As Tulia attempted to kick, the kick was blocked, the ball going into the hands of Brooks, who carried the ball 15 yards for Canyon's touchdown. After this spectacular play Brooks accounted for the extra point by placement, tying the score 7 to 7.

Canyon threw 8 passes, 3 were complete for 20 yards, 4 incomplete and one intercepted, while Tulia attempted 4 passes, one complete for 15 yards, one incomplete, and two intercepted.

Mable Schmitz, C. H. S. football queen, started the Canyon-Tulia game by kicking off to Tulia.

Play Hereford Friday

The Eagles will reach the critical moment of their season Friday afternoon, when they meet the Hereford Whitefaces at Hereford to determine a thing or two about the widely discussed subject of football.

This game, if Canyon is defeated, will crown Hereford the winner of this section. If Hereford is defeated, it will throw Tulia, Canyon and Hereford in a three-way tie. This would give each team another chance at the section.

Victories Even

The victories of the Eagles and Whitefaces are evenly distributed. During the last six years the teams have met on the gridiron ten times each winning five victories. At any time during the six years, there has not been more than 14 points difference in the scores of the two teams.

Purple Peps Give
Feed For Tulia

A feed was served to the football squads, pep squads, and bands of both Tulia and Canyon Friday afternoon after the football game, played by the Canyon Eagles and the Tulia Hornets.

Sandwiches, potato chips, pickles, cookies, and lemonade were served in paper plates and Dixie cups by pep squad members to approximately 300 people.

The piano was played at intervals by two Canyon high school students, Gladys McBride and Marie O'Donald, and a member of the Tulia pep squad, Pauline Buchanan.

Before leaving the visitors gave 15 Rals for Canyon.

Marie O'Donald and Rowena Lockwood spent Saturday night in Amarillo.

Rowena Lockwood spent Tuesday, Oct. 30, in Amarillo.

Wayside Items

Weather still pleasant. No falling weather, but little wind. Some wheat fields make good grazing for stock. No black frost up to date.

Mr. and Mrs. D. L. Adams have returned from Oklahoma City with a new Chrysler coupe.

Irving Lane and Mrs. Etta Gillham from Pampa visited Wayside a few hours Friday.

Mrs. Henry Harrell's mother, Mrs. Crow, from Abertown, is visiting her since Sunday. Wanda Harrell was indisposed Monday—did not attend school.

Work and Play club meets with Mrs. Jack Foster next Thursday afternoon.

Pie supper was fairly well attended Saturday night. The entertainment was fine and much enjoyed by the crowd. Proceeds were good.

Mrs. Jim Evans, who died in Happy Saturday night, and was buried Sunday afternoon, was for a number of years a resident of Wayside. She had many friends here, several attending the funeral, also from Canyon, Amarillo and Tulsa. She leaves a husband and two daughters who mourn her passing.

Mrs. J. M. Gillham is not doing well; suffers much, especially at night.

Kenneth Knox and family, Mr. and Mrs. Knox Spann of Plainview and brothers, visited the W. H. Rogers home at Idalou, Sunday.

Mrs. George Gillham has a severe case of poison oak on her arms. Has suffered greatly. She has been to several physicians. Somewhat improved last report.

W. H. Hamblen and wife, Mrs. Ida Dye, also Mr. and Mrs. Tom Collins of Claude, made a trip to Dallas and Fort Worth the past week, visiting friends and attending Commissioners' convention.

W. R. Franklin and family left Monday to attend a Pentecostal Rally at Borger, Tuesday. They returned Wednesday.

Alfred Hamblen and wife had a son born to them Saturday, Nov. 3rd, in Tulsa.

The less you expect the more pleased you will be with what you get.

'Bullet' Spans U. S. in Record Time

All the way from Los Angeles to New York, people gathered along the railroad to watch the new Union Pacific streamlined train streak across the United States to set a new transcontinental rail speed record of 56 hours and 55 minutes. The former mark, established in 1906, was 71 hours and 27 minutes. In a two-mile stretch in Wyoming the "bullet train" was clocked at 120 miles an hour for two miles, breaking the former record of 115 miles an hour set in 1904 by a Philadelphia & Reading train. Chicagoans are shown above watching the train pull out on the last lap of its coast-to-coast run.

Each Slow Start

May cost you 2 MILES OF GASOLINE

HAVE you ever figured the high cost of starting with low test gasoline?

Even in warm weather, each start of the average car takes as much gasoline as driving it for two-fifths of a mile. On cold days, slow starts can easily consume two miles of gasoline!

This waste of mileage is a waste of your money. And the waste is worst in winter. The starter whirrs. The battery weakens. Up go your temper, temperature, and upkeep.

What a difference with

high test Phillips 66! Your motor starts with split-second speed. Warms up fast. Gets going without bucking. You get maximum power on a minimum amount of motor fuel. Zipper pick-up. And the silent action and anti-knock of genuine Lead Tetraethyl.

Why not check up today? See if you aren't missing extra miles on every gallon, extra pleasure in motoring! One trial tankful of gas, at any Orange and Black 66 Shield, is Phillips finest advertisement.

work Thursday, Nov. 8. It was voted to buy this material out of the P. T. A. funds. The Rotary Club is furnishing the song books for the Mother Singers. This is appreciated greatly by the P. T. A. and Mother Singers. All mothers who can sing are urged to meet Wednesday, Nov. 14, at 9:30 a. m. at the high school for practice.

All room mothers are asked to report the number of members in the room they are representing and announce the meetings each time. The first room to have 100% enrollment will receive \$5.00. The \$2.00 prize is still being given to the room having the largest attendance at each meeting. Only parents will be asked to vote.

A budget is to be made out before the next meeting, and several projects are in mind for the P. T. A. to carry out soon.

Jail Filled Over Sunday; Two Cars Recovered Here

The county jail was filled over Sunday for the first time in several months. Two drunks, together with car thieves were among the addition to the prisoners being held for action of the district court.

Two stolen cars were recovered Sunday by Highway Patrolman Wayne McCormick. The first was a car from Ottawa, Kansas, when two boys were taken with the car. They gave their names as Jack D. Stamey and Homer Orr. They will be held for the federal officers on the charge of inter-state transportation of a stolen car.

Late Sunday night McCormick and Frank Hicks saw a car going through town which they recognized as one having been stolen in Tahoka. They took in after the car, but just north of the viaduct the driver threw on the brakes, opened the car and jumped out before the officers could stop. A search was made for several hours in the dark, but the man succeeded in getting away.

Plans Made For Entertaining Park Officials, Nov. 29

Major E. A. Kingsley, Superintendent of the Palo Duro State Park, is preparing a program to be given Nov. 29th when 75 park superintendents and members of the State Parks Board will be here for the quarterly inspection of the Palo Duro. Many of the visitors will be on their first trip to this section of Texas.

The program will start with a dinner at the Park on the evening of the 29th. A business session and inspection of the Park will be held on the 30th. Another trip will be made on Dec. 1st, with a final business meeting of all superintendents in the afternoon before adjournment.

D. E. Colp, chairman of the Parks Board, has requested that all superintendents attend this meeting, in order that they may see the developments which are being made at the Park.

Shorter As Well As Fatter, Rule For W. T. Co-Eds

The Co-Eds of W. T. are getting fatter and shorter.

Miss Ruth Cross, head of the physical education department for women at the College found in a recent inspection that the average height of the freshman girls of this year is 63.72 inches, compared with the average height of the girls of 1933, which was 63.94 inches. The present average weight is 121 pounds, while the average of last year was 118 pounds. The number of girls immunized against communicable diseases has increased six per cent. The number having defective teeth averaged 8 out of every 100.

Strangely enough, with the rise in the average weight there is a contradictory rise of almost 50 per cent in the number of underweight girl students. Except for this condition, the inspection reports favorably, according to Miss Cross. All girls ranking ten per cent or more underweight have been called together and given instructions as to proper eating, sleeping, and rest.

W. J. Flesher of Amarillo was a business caller in the city yesterday.

Boy Jumps From Court House Window After Arrest

Patrolman Wayne McCormick and Chief of Police Frank Hicks arrested three Amarillo boys Tuesday night upon the charge of pilfering from trucks on the highway. According to charges, the boys followed produce trucks on the highway. One would succeed in getting on the back of the truck, throwing off produce, which would be picked up by the other two who followed in their car.

The boys were taken to the sheriff's office at 2:30 o'clock Wednesday morning. One of the trio made a break, jumping from the second story window, and escaped. The other two are in jail.

Provisions Made to Feed Crowds at Palo Duro Park

Visitors at the Palo Duro State Park who wish to go out Saturday and remain through Sunday may be fed, according to announcement made yesterday by J. A. Scofield, who is manager of concessions at the Park. Barbecue will be provided on Saturdays and Sundays for visitors. Parties who are planning to stay Saturday nights at the Park are requested to telephone the superintendent's office to have arrangements made.

Mr. Scofield has been in charge of concessions during the past three weeks, and is making a number of changes which will be of benefit to visitors at the Park. He is planning a publicity campaign to be carried through Panhandle newspapers giving the citizens of this section weekly announcements of the work that is being accomplished at the Park, and other information which will be of interest to the people of this section.

Chic for Both Young and Mature Figures

A GLANCE AT ONE OF THE CURRENT OFFERINGS PROVES THAT YOUTH IS NOT ALL THAT IS SERVED TODAY

TWO frocks, one that sets off to finest advantage the slim figure of the young lady, and one that subtracts years from the appearance of her aunt, are pictured in this week's offerings. Their attractiveness and charm are enhanced, rather than lessened, by the fact that each is exceptionally easy to make; the few hours involved in making them being amply rewarded by these chic dresses.

Pattern 339 would be a welcome addition to any young lady's wardrobe. It can be fashioned in trim red crepe, with white organdy as a refreshing contrast, or in any other suitable combination of fabric that your fancy might dictate.

For the cool year-end winds, this admirable frock might be more preferable in the new sheer woolsens. It is available in patterns sized 14 to 20 and 32 to 42. Size 18 requires 3 1/2 yards of 39-inch fabric plus 1/4 yard contrast and 2 1/2 yards of ribbon.

The soft revers and long lines of the skirt sketched in Pattern 237 are splendid for those of mature figure. Using either soft rayons or cotton prints, you'll find this a flattering frock, indeed. The designs come in sizes 36 to 52, size 44 calling for 4 1/2 yards of 39-inch fabric plus 1/4 yard contrast.

Buffaloes To Meet 3 Teams

Will Meet One Of The Strongest National Teams

With a victory under their belt in their last home game of the season, the West Texas Buffaloes faced three hard games on foreign fields in the winding up of their football schedule.

Panhandle Aggies
Next Saturday afternoon the Buffs meet the Panhandle Aggies in Goodwell. While not so strong offensively, the Aggies present a very powerful defense which may provide a good test for the offense which Coaches Al Baggett and Bob Cox have formed with only one regular remaining in backfield.

New Offense Friday
Against the New Mexico Normal the new-found offense of the Buffs looked spectacular, both on the ground and in the air, with the new men blocking and executing plays like veterans.

In Goodwell the new offense will have a chance to prove and test itself against a team of veterans. Hovering on the horizon is the intersectional game the Buffaloes will play the following week in Atchinson, Kansas, with the St. Benedict's Ravens of Coach Larry (Moon) Mullins.

St. Benedict's Team Strong
In the St. Benedict's team the Buffs will meet one of the strongest teams in the nation, outside of the larger universities. Since the Buffalo squad numbers only 20 men, every man must be ready to go against the Ravens. In the Las Vegas game Coach Baggett gave his reserves some needed experience.

In the Goodwell game Baggett wishes to let his new backfield and reserves function under the same conditions, so that he can throw full strength against St. Benedict's. After the Atchinson trip the Buffaloes wind up the season with another strong Oklahoma Collegiate Conference team, the Northwestern Rangers of Coach Jenks Simmons in Alva.

You can often tell a wise man by the things he doesn't say.

Museum Will Be Opened Three Days A Week Only

After November 15th, the Panhandle Plains Historical Museum will not be open every day. Professor L. F. Sheffy has announced. The number of people visiting the museum daily does not warrant keeping it open except three days a week, Tuesdays, Thursdays, and Sundays from 2:00 until 6:00 o'clock in the afternoon.

Mr. Sheffy says this will greatly reduce the cost of operating because the building will not have to be heated every day.

A new art exhibit will be placed in the museum this week. Announcement has been made that it is probable that the exhibit will be of Sister Maria's oil paintings from Amarillo. Whether or not these will be secured is not known definitely, however, at this time.

Three Orchestra Men Join Amarillo Organization

C. E. Strain, Herschel Coffee and Oscar Croson have joined the Amarillo Philharmonic orchestra, which will make its first appearance Friday in Amarillo. C. Thaulow is conductor of the new orchestra. He was here yesterday conferring with Wallace R. Clark and other musical leaders of the city regarding the musical organization.

Mr. Thaulow expressed great appreciation of the three Canyon players who were in his orchestra and invited all lovers of music to attend the series of concerts which would be given during the winter. Outstanding artists of the nation will be brought to Amarillo for concerts as a result of the work of the new organization.

FORMER CITIZEN OF HAPPY KILLED SATURDAY

Ollie Asher Boyd was killed in a train accident at El Paso Saturday and the body brought to Happy for burial Monday.

The young man, 21 years of age, was the son of Mr. and Mrs. J. E. Boyd. He is survived by five brothers and five sisters.

W. T. Grades To Put on a School Fair Very Soon

A model fair is to be presented to the public in the near future by the first seven grades of W. T. Demonstration School. This fair will consist of many different exhibits and will be modeled after the Tri-State Fair held in Amarillo each year.

The purpose of this fair is to give the students experience in doing this type of work. A small fee will be charged to see each of the exhibits. The money obtained from them will be used to buy books for the school library.
